CONFERENCE ASSIGNMENTS

Disposition of Ministers For the Ensuing Year

BUSY DAY FOR THE BISHOP

Closing Business of the Annual Conference of the M. E. Church South For Arizona and Southern California.

The annual conference of the M. E. church, south, for Arizona and Southern California came to a close last night about 9:30 o'clock, with the reading by Bishop James Atkins, who presided, of the appointment of pastors to charges for the ensuing year. The feature of the conference in which local readers of the Republican will be most interested is the announcement that Dr. R. C. Douglas, who has been the pastor of Central church, this city, has been sent to the Santa Ana (Cal.) church, and he will be succeeded in his work here by Rev. F. B. Sinex, who has heretofore been located at Jacksonville, Fla., and therefore becomes a new member of this conference. He is spoken of as a highly regarded minister. The church to which Dr. Douglas has been assigned in Santa Ana is said to be one of the important ones in Southern California and the pastorate a very desirable one. During the conference also, delegates were elected to the general conference, the law-making body of the church, which meets quadrennially, and the next session of which will be held in Asheville, N. C., next May. There are two delegates from this conference, one a clerical and the other a lay delegate, with an alternate for each. Rev. R. P. Howell of Los Angeles was named as the clerical delegate and Rev. James E. Crutchfield as the alternate. Dr. H. A. Hughes of this city was named as the lay delegate and Hon. Nathan Newby of Los Angeles as the alternate.

The Central church was filled practically to its capacity yesterday morning to listen to a sermon delivered by Bishop Atkins, whose subject was "The Spirit Stirred Life." It was regarded by those who heard it as a powerful discourse, and one minister remarked that it was the best sermon he ever heard the bishop preach, and he had heard a great many.

At the conclusion of the morning service four deacons were ordained, Rev. Jewett P. Bray, Rev. P. Morgan, Rev. Norman Burley and Rev. Robert O. Lawton.

At 3 o'clock in the afternoon a memorial service was held in memory of Rev. J. J. Pritchett, who at the last session of the conference was appointed to the Trinity church of Los Angeles, but who was taken sick soon afterward and died at the home of his father in Melrose, Mo. During this service Professor Kerr sang two beautiful solos and Rev. Burley played a dirge during a season of silent prayer by the congregation.

they were all enjoying prosperity, a healthy growth in church membership and a notable acquisition of church property through the construction of handsome new edifices. He said that the western conferences were fully as prosperous and progressive as any in the communion. Nevertheless, said he, no church should be satisfied with merely holding its own, and no matter how prosperous should continue to grow and expand its influence. He referred to the sacrifices of an earlier generation, resulting in a well equipped church organization all over the country and then declared that with all their notable achievements none of the conferences are yet living up to their opportunities or demonstrating themselves to be fully worthy of the sacrifices that have been made by the fathers. He also directed a few remarks to the ministers whose fate for the next year was shortly to be announced. He said that he had considered each case as carefully as he could and had decided upon the appointments after consultation with those who could best inform him, and he believed he had acted as nearly right in each instance as it was possible to do. He called attention to the fact that the minister is apt to believe that each succeeding appointment should be to some larger field or to a church that would be generally regarded as an advancement. That, he said, is not always possible. In his own experience his assignments had sometimes been what might be considered a degradation rather than a promotion, and most ministers had the same experience. In explaining that idea as erroneous he insisted that there could be no such thing as a degradation in appointment, for it was an honor to serve the church and there is no pastorate filled by any minister who exhausts its opportunities to benefit himself and the church. Any pastorate, therefore, is an honor to any man, and often the influence of a good man, even in an obscure community, starts on the right road some soul who later becomes a notable benefactor of the world. Concluding his remarks, the bishop announced the appointments and closed the service by asking the congregation to join in the doxology, followed by the benediction.

Los Angeles District
J. W. Shoaff, presiding elder.
Trinity, Los Angeles, R. P. Howell.
Bellevue, Los Angeles, W. L. Whitman.
Woodlawn, Los Angeles, Norman Burley.
St. Pauls, Los Angeles, L. J. Millikan.
Marvin, Los Angeles, E. Anderson.

Batteries—Hitt and Brown; Carson and Fisher.

FOR SERVICE IN FORESTRY

Examinations to Be Held This Month at Various Places

ONLY THE BEST MATERIAL

Desired By the Bureau—Inducements of Salary and Promotion Which Are Offered to Attract Competent Men to the Work

Albuquerque, Oct. 17.—Uncle Sam makes a call for men with vigorous minds in vigorous bodies to become forest rangers.

The United States Civil Service commission will hold an examination for this position at every national forest headquarters in the states of New Mexico, Arizona, Arkansas, Florida and Oklahoma, included in this district, on Monday and Tuesday, October 25 and 26.

The examination will be along thoroughly practical lines and will consist of questions regarding land surveying, estimating and scaling timber, the land laws, mining and the live stock business, supplemented by a field test to show the applicant's fitness to perform the actual work of a ranger. Rangers must be between twenty-one and forty years of age at the time of taking the examination, able-bodied and capable of performing hard manual work. Thorough familiarity with the region in which employment is sought is essential, together with actual experience in the kinds of work required of forest officers.

The forest service desires to maintain the highest possible standard of efficiency and the degree of advancement of competent men in the service is governed entirely by their capacity. The initial salary is \$900, with the beginner who starts in as an assistant forest ranger. Through good work a ranger can rise to the position of forest ranger with a maximum salary of \$1,200 to \$1,500. The next step in promotion is to the position of deputy supervisor on a national forest. Rangers who show competency in particular lines of work, such as claims examinations and marking and scaling timber are advanced and paid according to the importance of the work in which they are engaged.

The following is a list of the places with the examiner at each, in this national forest district at which this examination will be held. Requests for application blanks and further information should be made to the civil service commission at Washington, D. C., or to forest supervisors.

Arizona—Douglas, A. H. Zachau; Pingstaff, Frank C. J. Pooler; Prescott, C. H. Hinderer; Roosevelt, R. C. Wilson; Safford, T. T. Swift; Snowflake, A. J. MacKay; Springerville, John D. Guthrie; Tucson, Robert J. Selkirk.
Arkansas—Harrison, David E. Fitts; Mena, S. J. Record.
Florida—Defuniak Springs, W. H. B. Kent.
New Mexico—Alamogordo, Arthur M. Neal; Albuquerque, W. R. Mattoon; Capitlan, J. A. Kinney; Gallup, A. D. Read; Magdalena, W. H. Goddard; Santa Fe, Thomas R. Stewart; Silver City, Douglas Rodman.
Oklahoma—Cache, Frank Rush.

BATTLE WITH CONVICTS ESCAPED FROM SALEM

Three of the Five Will Never Run Away Again.

Salem, Oct. 17.—One of the five convicts who escaped from the penitentiary guards on Friday is dead, one is fatally wounded and a third so seriously hurt that he may die, the results of a battle last night and this morning with a posse of sixty men. The scene of the fight was on the bank of the Willamette river, fifteen miles south of this place.

The dead is George Carter, sentenced for horse stealing, and was the leader of the gang. George Duncan, who was shot in the stomach, will die.

He was Carter's partner and was also serving time for horse stealing. Albert Ferris was shot through the arm and the bullet lodged in his lung. He was a burglar. The posse was headed by Sheriff Minto of Marion county. The posse is after the others.

SAN FRANCISCO READY

For the Opening of the Portola Festival Tomorrow.

San Francisco, Oct. 17.—With the warships of five foreign powers in the harbor, and the streets of the city elaborately decorated, San Francisco is awaiting the opening of the Portola festival on Tuesday morning, when the discovery of San Francisco bay by Gaspar De Portola and the placing of the Spanish standard on the site of the city of St. Francis will be fittingly celebrated.

The festival will continue five days. The city has already taken on a holiday air and thousands of visitors are here and more arriving on every train.

RAILROAD WRECK.

In Which High New York Central Officials Were Involved.

Poughkeepsie, N. Y., Oct. 17.—A wreck in which President W. C. Brown of the New York Central W. H. Newman, the former president, and W. K. Vanderbilt, Jr., one of the directors, figured, occurred at Rhinecliff today. James Krakosie was killed and ten others were injured. A broken rail threw eight cars from the track. Messrs. Brown, Newman and Vanderbilt were asleep, but none of them was injured.

STEAMER SERVICE ON THE COLORADO

FROM THE BLYTHE ESTATE TO PARKER

A Network of Roads With Calzona the Center.

Los Angeles, Oct. 17.—(Special)—River transportation between the Blythe ranch, the new town of Calzona and Parker, all of them on the banks of the Colorado river, is now assured. T. M. Drennan of Parker and Calzona, and Messrs. Murphy and Walsh of the Blythe Ranch company have purchased the steamer "Jola" from the Quartz King Mining company. The schedule will be published in a very few days. This boat will be a fine pleasure boat and will facilitate transportation. The Blythe Ranch company is now constructing, with the assistance of the supervisors of Riverside county, a fine automobile road from the town of Blythe, north along the banks of the Colorado river, through the Riverside mountains to the new town of Calzona. Branch roads will be constructed by the Newman and Strauss, McKiesen, Rapnya and other mines of the Riverside mountains. All of them will make Calzona their permanent shipping point.

Of the 40,000 acres of land in the Blythe valley some 12,000 acres have been sold and are actually settled, and in the Blythe and Blythe Verde valleys there are today several thousand people engaged in agriculture and cattle raising. This means a great amount of shipping from Calzona. Within the past thirty days several of the Riverside mountain mining companies have struck it rich in their lowest levels and everything indicates a big mining boom in Riverside mountain. Train loads of supplies and material of all kinds are arriving daily at the end of the line and the grading camps are being distributed and established at different points. One of the largest camps is being established almost inside the lines of the town of Calzona.

Buildings under construction at this time are a restaurant, a small hotel and restaurant, a store building for John Sanburn, who has been chosen as postmaster for Calzona—all of the necessary papers have been filed and the people expect postal service at Calzona within the next three weeks. The Front or Main street of Calzona is beginning to present the looks of an active new and prosperous desert town. Already parties interested in the Palo Verde and Blythe valleys are beginning to formulate plans and hope to receive the assistance of the Santa Fe railroad in the construction of a branch railroad down the river, tapping all of the Riverside mountain, thence through the Palo Verde and Blythe valleys, making Calzona the junction point. While the grades through Riverside mountain along this route are a little greater than further west, the mileage is much less and it will tap the present number of big mines as well and go through the entire valley. Everything indicates that this Calzona-Parker country is going to have the very greatest of activity this fall and spring.

THE BLOOD OF FERRERA

Calls For Revenge in Many Cities and Countries

SUNDAY DEMONSTRATIONS

New York Anarchists Head the Movement There and Hint That Alfonso is to Be Punished—Another Meeting Tomorrow Night

New York, Oct. 17.—Aroused by a fierce speech by Emma Goldman, 1,000 men and women, socialists, anarchists and radicals packed in a hall on the East Side tonight, unmolested by the police adopted resolutions denouncing the execution of Ferrera. "Alfonso the Assassin," was uttered in three languages, English, Spanish and French, as the succeeding speakers attacked the Spanish monarch and hinted that revenge was yet to come.

Emma Goldman, who was the principal speaker, sought to draw a parallel between the case of Ferrera and those of Moyer, Haywood and Pettibone, of the Western Federation of Miners. It was announced that a more comprehensive gathering would be held in Carnegie hall on Tuesday night.

The resolutions recite that the "murder of Ferrera was committed by that unholy trinity, the church, money and government. The trinity has reaped itself because Ferrera instituted free anti-clerical schools wherein the results of independent science and pedagogy were taught."

ORDERLY DISAPPROVAL.

The Parisian Protest Against the Spanish Government.

Paris, Oct. 17.—The anti-Spanish demonstration culminated today in meetings and processions in the larger cities of France, organized by socialists and workmen's organizations. The organizers laid emphasis on the peaceful character of the demonstrations, and although violent speeches were made, there was little disorder.

In Paris the government had taken elaborate precautions to prevent rioting. The procession passed through double lines of police and troops, but the leaders themselves furnished a line of pickets who aided in preserving order, and no collisions occurred. While passing the Spanish embassy, and some churches there were cries of "Down with the clergy," "Down with Spain," but a majority of the celebrants refrained from disorder.

RED FLAGS IN LONDON.

London, Oct. 15.—The red flag was raised in London this afternoon and a large mob moved upon the Spanish embassy to make a demonstration of disapproval of the execution of Ferrera. The police drove off the crowds in a bloodless, effectual way.

The trouble began at a mass meeting at Trafalgar Square, or ganized by the Socialists and labor bodies. They carried red flags draped with crepe bearing inscriptions denouncing Alfonso. One banner read: "To Hell with the Murderer, Alfonso." Several laborite members of parliament spoke.

ANTI-CLERICAL CAMPAIGN.

Fuel Has Been Furnished for It in Italy.

Rome, Oct. 17.—All indications are that the extremists of Italy are determined to make the anti-clerical campaign more vigorous than that in France. "It is being directed by the Masons, whose grand master issued a most violent manifesto in behalf of Ferrera and against the church. The manifesto said: 'Rome, which has inside its walls the Vatican that for centuries has supported all tyrannies from which, to our shame, the slaughter of Barcelona originated, must decree that the last crime shall not remain unpunished.'"

A GENOISE DEMONSTRATION.

Genoa, Oct. 17.—A Ferrera procession, in which many carried flags draped with crepe, one having a caricature of Alfonso, inscribed "Alfonso, a Monster, caused a fight with the police today. Little injury was done on either side. The procession

was prevented from approaching the Spanish consulate.

A CARDINAL HISSED.

Pisa, Oct. 17.—Cardinal Pietra Marfi, the archbishop of Pisa and several bishops while attending the congress of music today were hissed by crowds, and assailed with cries for Ferrera.

BELGIAN DISAPPROVAL.

Brussels, Oct. 17.—Big Ferrera demonstrations were held in the principal cities of Belgium today. At Liege the windows of churches were smashed.

BOMBS AT BARCELONA.

Lisbon, Oct. 17.—Cables from Barcelona state that the situation there is increasingly disquieting. Twenty-seven bombs have been thrown in the last four days. Five persons were killed and twenty-seven wounded. On Saturday an attempt was made to rush the fortress of Mont Juich and release the prisoners. A bomb was thrown against the door, but failed to explode. The attacking party fled on the approach of the guards.

A TURN FOR THE BETTER.

Possibility of the Recovery of Senator McCarren

New York, Oct. 17.—There was an improvement today in the condition of Senator Patrick McCarren, and it was stated at St. Catherine's hospital tonight that hopes are entertained of the recovery of the democratic leader.

DEATH OF A DIPLOMAT

WILLIAM I. BUCHANAN

Had Been Connected With the State Department for Many Years.

London, Oct. 17.—William I. Buchanan of Buffalo, who has been in Europe for some time in connection with an important diplomatic mission for the state department at Washington, was found unconscious near the embassy today.

He died in a short time. The supposed cause of death was heart failure.

WASHINGTON SHOCKED.

Washington, Oct. 17.—The news of the death of Mr. Buchanan in London created a great shock here. He had been connected with the department of state since the Cleveland administration. He negotiated the reciprocity treaty between Argentina and the United States. He was director general of the exposition at Buffalo, and the first United States minister to Panama. He was sent to Europe to present the Orinoco Steamship company's case to The Hague tribunal.

JEFFRIES NOT SCARED BY JOHNSON'S VICTORY

Ketchel Only a Middleweight and Not a Very Good One.

Queenstown, Oct. 17.—When Jeffries heard of Johnson's victory over Ketchel he said it would in no way affect his plans. He said that Ketchel was only a middleweight and not by any means the best of the middleweights. He said that Ketchel had weakened himself by trying to feed up to make the heavyweight class.

He said Johnson was not much of a fighter and had never met a good man. His fight with Burns was no test. He only hopes that Johnson will cover his money. Jeffries weighs 230 pounds and says he will fight at 210.

DETROIT OUTBATTED VICTORIOUS PIRATES

But This Excellence Was More Than Offset by Pittsburgh's Fielding.

Detroit, Oct. 17.—According to unofficial averages in the world's championship series the Detroit team outbatted Pittsburgh, but the National league excelled in fielding. Detroit batted .251, Pittsburgh .245. Pittsburgh fielded .958, Detroit .949.

Wagner out-batted Cobb and all other players, getting nine hits in twenty-four times at bat, an average of .375. Cobb got .231, Delehanty .346.

REDUCTION ON WATCH REPAIRING.

Best Main Springs—elsewhere \$1.50. Our price.....\$1.00
Thorough Cleaning—elsewhere \$1.50. Our price.....\$1.00
Correspondingly low prices on all Jewelry and Watch Repairing. All work is done by EXPERT WORKMEN and absolutely guaranteed for one year.

HARRY M'LEAN MADE FAILURE

Carried From Marathon Field in State of Collapse

HENRY ST. YVES THE WINNER

Breaking His Own, the World's Record—Hopi Indian Stayed in Race for Twenty-two Miles When He Sank Exhausted

Seattle, Oct. 17.—Henry St. Yves won the Marathon derby this afternoon in 2:32:35, breaking his own world's record of 2:40:56, made in New York. John Marsh the Englishman, was second, but several laps behind. Johnny Hayes was third. Thirteen started.

St. Yves won the race over the full Marathon distance, 26 miles 385 yards, with ease, having fully four laps over Marsh, his closest competitor. He was in excellent form and made frequent sprints before the grand stand, passing the competing runners in a spectacular manner.

Both Marsh and St. Yves set a fast pace and few spectators expected to see either of them finish. St. Yves gained rapidly on all but Marsh, whom he was unable to lap until the seventeenth mile. After that he gained steadily on the Englishman, increasing his lead every round.

When the shot was fired for the final lap, the French runner let himself out, and made the round in whirlwind fashion, crossing the tape at full speed. He appeared to be in good condition at the end of the race.

Besides finishing second Marsh had the honor of breaking the ten mile record in 57 minutes 16 1-5 seconds, made by St. Yves last April. Marsh's time for the distance was 54 minutes and 59 seconds. At this time Marsh was running a yard ahead of St. Yves, who soon passed him.

Johnny Hayes, the winner of the Olympic Marathon, was plainly outclassed by Marsh as well as St. Yves. He dogged along at a steady gait through the entire race, coming in a distant third. One of the surprises of the day was the work of Fitzgerald, the Calgary runner, who finished fourth.

The failure on the part of Harry McLean, the Arizona Indian, to finish was a distinct disappointment to his many supporters. After plugging along for twenty-two miles he dropped out exhausted. He was carried from the field in a state of collapse, fifteen miles, then he began to lose steam and collapsed completely in the twenty-second mile, and was carried from the field in the arms of his Indian trainers.
